

"Woollett Partners have been my Company Accountant since 2004, being a local business Woollett Partners are a major player, have provided exceptional taxation and business solutions applicable to my Industry, they are able to offer a full scope of business services to ensure my Company is running at an optimum and a profitable level, offering qualified business health checks, financial planning and long term business analysts, I am more than confident that my Business is kept up to date with taxation legislation and obligations, having been through a recent Audit from the ATO, Woollett Partners professional legal advice and assistance made this formality a minimal impact to my Business operations."

*Gustaf A Robinson
Managing Director
CTi5 PTY LTD*

"Russell Woollett has been Accountant for nearly 20 years now. I first met Russell when I was a struggling Hotel Employee needing the best tax return possible. From our day's back in Karratha is has been a pleasure to watch Russell build, develop and grow Woollett Partners as a successful business it is today. Through our journey Russell and his team have helped me establish my own company, with Russell's valued assistance in my acquisitions, setting up my family trust, setting up my chartered accounts, company tax, pay roll tax, federal audits, tax law and advise has been exemplary. Over the years I consider Russell is my business mentor, company partner and also a good business friend who generally has my best interest in mind. Russell and Woollett Partners has a great ability to be truly happy with other people success, I can certainly be comfortable in saying that Russell and Woollett Partners has helped me be where I am today" Sincerely Rolf Chorley - Director - Terence Group Pty LTD
